

TIVOLI

Made in Ukraine with bravery &
passion to wooden furniture

About us

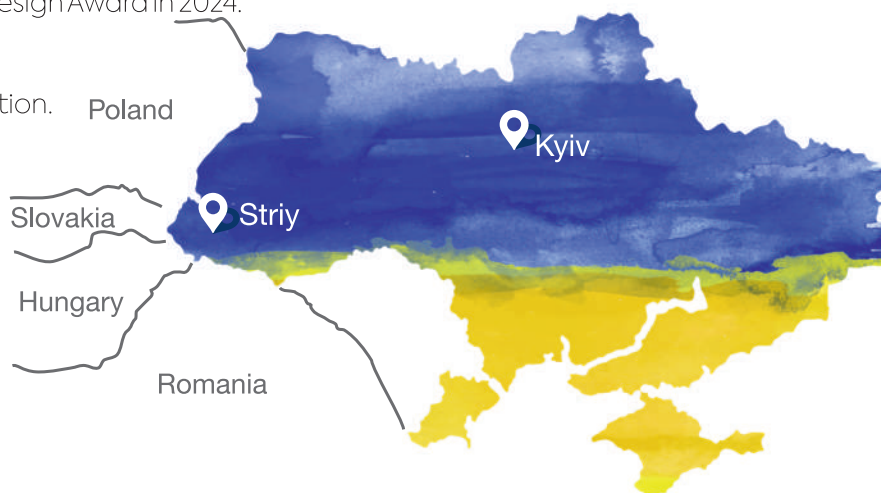

Welcome to Tivoli, the largest manufacturer of wooden chairs and tables in Ukraine. Rooted in the tradition of craftsmanship and innovation, Tivoli is a proud family-owned enterprise, dedicated to bringing the warmth and beauty of Ukrainian woodworking to the world.

At Tivoli, we combine the age-old art of woodworking with modern technology to create furniture that stands the test of time. Our workshop, located in the historic city of Stryi, in the Lviv region, is home to more than 170 skilled craftsmen and women. It is here that the magic happens: using different axes CNC machines, we meticulously craft each piece from the finest beechwood, oak wood, and ash wood, ensuring quality that is second to none.

Tivoli is not just a name; it's a symbol of quality and sustainability. We take pride in our ability to export our products to 22 countries worldwide, spreading the excellence of Ukrainian craftsmanship across the globe. This international presence is a testament to our commitment to quality and the universal appeal of our designs.

In recent years, our relentless pursuit of excellence has been recognized on the world stage. Our chair collections, Calm and Strikha, have garnered international acclaim, winning prestigious design awards. In 2023, Calm was honored with both the DNA Paris and the European Design Award, citing its innovative design and exceptional quality. Following this success, our Strikha collection continued the legacy by winning the Muse Design Award in 2024.

Thank you for choosing Tivoli,
where tradition meets innovation.

Collection Striha

The Strikha collection by Tivoli, designed by Kononenko ID, seems to draw inspiration from ancient Ukrainian cottages, incorporating elements like sticks resembling thatched roofs to evoke a sense of lightness and naturalness. The handcrafted work by artisans further adds a touch of uniqueness and individuality to each piece. It's interesting to see how traditional forms are being transformed into modern, stylish interior pieces in this collection, creating a bridge between the past and the present.

Calm

The beautiful minimalist design of the 'Calm' chair is capable of transforming any interior into an oasis of peace and tranquility. It expertly combines gentle colors in the fabric and finish with an ergonomic construction that provides comfortable seating and back support.

The delicate back that smoothly transitions into the legs creates an incredibly light and graceful image, while the soft seat on a plywood base provides maximum comfort. In every line and form of the 'Calm' chair, one can feel thoughtful carefulness and passionate attention to detail that makes this design so attractive to the eye.

The name Says Who stands out as a beacon of Danish excellence and innovation. Their latest creation, the Emil chair, continues to uphold their reputation for exceptional craftsmanship and timeless design. Named after the Danish tradition of embracing simplicity and functionality, the Emil chair is a testament to Scandinavian aesthetics. Crafted from oak, this elegant piece combines the warmth of wood with a sleek, minimalist silhouette that is both inviting and sophisticated. What sets the Emil chair apart is not only its design but also its origin. While Says Who is known for its Danish roots, the Emil chair is proudly made in Ukraine by the esteemed company Tivoli. This collaboration brings together the best of Danish design principles with expert craftsmanship from Ukraine, resulting in a chair that is both quintessentially Scandinavian and globally inspired. Whether placed in a cozy corner of a living room or as part of a stylish dining set, the Emil chair is sure to make a statement in any space. Its clean lines, organic materials, and attention to detail make it a versatile piece that can complement a range of interior styles. With the Emil chair, Says Who continues to push boundaries and redefine what it means to create furniture that is not just functional but also a work of art. Experience the beauty and craftsmanship of Danish design with the Emil chair—a true testament to the timeless allure of Scandinavian furniture.

Maso is a deep fusion of functionality and artistry. Its base, resembling a compass, reproduces precision and meticulousness in design, which become essential aspects in the art of furniture production. The base of the chair embodies the philosophy of balance between precision and beauty, reflecting the ideas of harmony and equilibrium.

The gracefully crafted, bent backrest of Maso adds elegance and comfort. Each element carries refinement and style, serving as a focal point in any interior.

Designed for the renowned furniture company Tivoli, the Gustav Chair Collection made its debut in early 2020 at a grand unveiling in Cologne. What followed was an intensive six-month testing period that involved rigorous destructive control measures to ensure compliance with both European standards and US regulations.

Inspired by the iconic metal structure synonymous with Paris, the chair's unique design features elements in its legs that pay homage to this famous landmark. It is this distinctive touch that led to the chair's moniker – Gustav.

Beyond its aesthetic appeal, the Gustav Chair prides itself on exceptional ergonomic design and comfort, catering to individuals of various sizes. The collection offers two distinct versions: one adorned with soft elements for a plush seating experience and another crafted entirely from wood for a more organic feel.

Embodying the timeless elegance of mid-century style, the Gustav Chair seamlessly blends into a range of settings, be it private residences or commercial spaces. Its versatility and comfort make it a standout choice for those seeking a harmonious fusion of design and functionality in their interiors.
